# COVID Update

September 1, 2020

To all town residents:

As I am sure you are aware SUNY Oneonta has had a severe outbreak of COVID. The City of Oneonta police are watching for large gatherings of students in the city.

If anyone in the town sees a large gathering that they feel is inappropriate please contact my office at 607-42-2905. If it is after hours, I will receive the message and take an appropriate action.

Should you wish to be tested for COVID, NYS DOH is setting up three sites in Oneonta. St James Church, Foothills and the Amory. You must have an appointment to be tested. This is a rapid test with results in 15 minutes.

Call 1-833-697-8764 for an appointment.
