PETITIONERS-

Bob Goble with the Oneonta travel baseball program stated that Art Rigas and Kevin Morse were also present with him. Kevin is the president of Oneonta Little League. Different then what Bob is involved with right now. The Oneonta travel program is a Segway from little league to high school. Bob stated that they have run in to problems with fields. The U-11 to U-12 age groups play on a 50-70 field. It's slightly bigger than the little league field and slightly smaller than the regulation size field that you'd see at Damaske or field 6 in the city. They have an agreement with the little league program to allow them to use their fields. Weather always plays havoc and schedules always get messed up. Bob stated they were thinking of Fortin Park and the softball field that has gone unused at the other end of the park as a field that through grants and fund raising could turn into a nice baseball complex. Supervisor Wood stated that Art has signed up in the past for practice in that field. This year they used the fields closer to the airport hangers due to that field being harder to play on due to overgrown grass. Bob Goble stated they would like to take control of the field and groom it, put it back to playable condition with dugouts and an outfield fence. Jacob asked how it would work when the field needs to be used by soccer teams or track teams. Bob stated the soccer field is back toward the entrance so he didn't think that would come in to play. Bob Goble stated he doesn't know the lay out of the track field. Jacob stated the only problem she could see would be the dugout because the track teams utilize the whole area. Supervisor Wood stated that he would like to refer this to the parks committee and they could do a presentation to them.

Highway/Water & Sewer –

Supervisor Wood asked for authority to authorize a change order for concrete in the parking island. Supervisor Wood stated that he does not have the price yet. The town board agreed to accept the change order once Supervisor Wood receives the price.

Supervisor Wood stated that he thinks a temp. is probably our best situation right now. Holleran stated that there has been continuing problems with burglaries. Holleran stated that it has become even more concerning, O'Neil Drive had someone try to break in to a front door. It went from car burglaries to a potential home invasion. Holleran wanted to bring it to the attention of the town so that we are aware. Court has been struggling with admitting people in. Staffworks proposed \$15 hr. with a four hour minimum. We are looking at \$60 a day, 6 days a month. Potentially \$700 to cover the time period. Motion was made by Mowers to hire a temp. through staff works. Seconded by Riddell Kent.
